

# Christian Dewar

Positive Behaviour  
Support (PBS)  
Practitioner

## Profile

Hi, I'm Christian, a Behaviour Support Practitioner at Conscious Healthcare SA.

With a Master of Social Work and an Honours degree in Sociology from the University of South Australia, I bring over seven years of experience across a wide range of fields, including carer support facilitation, community development, refugee and asylum seeker support, youth services, NDIS support coordination, and positive behaviour support. Throughout my career, I've gained a deep understanding of the diverse needs within the community and developed the expertise to support individuals from all walks of life.

My approach is compassionate, mature, and holistic, with a strong focus on creating a nurturing environment where you and your support network can build on your strengths and capabilities. I'm dedicated to helping you develop the skills and confidence needed to lead a meaningful, positive life, and I believe that everyone deserves the opportunity to thrive.

Whether we're working on behaviour support strategies or finding ways to improve your daily life, I'm here to offer guidance and support that is tailored to your unique needs and goals.
